- Good work-life balance
- Flexible working hours
- Work remote (sometimes)
- Opportunity to grow with us
- Possibility to work & ski in Tyrol
- Work device & 4k screen

**WHAT YOU WILL DO**
- Create websites, apps and interactive experiences for clients like MAK — Museum of Applied Arts, Wiener Festwochen, Coloro, Forward Creative Festival, ...
- Collaborate with developers, designers, contributors and clients
- Work closely with a developer to create functional and smooth digital experiences
- Work with various design tools (Figma and Adobe)
- Create prototypes and animation concepts
- And more design related tasks

**AWESOME IF**
- You have a collaborative, enthusiastic attitude
- You have a strong visual thinking
- You work independently and think of new ideas
- You have a decent sense for typography
- You know the language of developers
- You are experienced with brand design
- You have an opinion
